**Soap free cleansing bars (each bar weighs 125 grams)**

**Description:**

Soap-free cleansing bars look just like soap, which is why ours have a unique shape. Being a bar makes them ideal for people who are used to washing with soap. Bars can be used for hair, face and body – even shaving. They have a pH matched to healthy skin so continued use helps skin to recover its integrity.

**What to expect:**

Mild foaming action. Observable improvements in skin condition after several weeks use or sooner (depending on severity of skin problems).

**How to use:**

Use as you would a bar of soap. Allow the bar to stay dry between uses to maximise use. To cleanse, rub bar in wet hands or on a soft wash cloth and apply to hair, face or body. Rinse off.
